Add an additional \$49.00/day for private room

The following items are charged separately: prescription drugs, oxygen, speech therapy, restorative physical therapy, occupational therapy, laboratory tests, physician services, dental services, beauty shop charges, and some medical equipment.

Residents are charged for the day of admission and are not charged for the day of discharge. A full refund for all unused bed days will be made in the event of death or discharge.

Subsequent to admission, residents may hold a bed by paying 30% of the daily rate for a 2-bed room or the full private room rate, whichever applies, while the resident is out of Mount Olivet Careview Home.

Medical Assistance (TITLE XIX) recipients receive up to 18 paid bed-hold leave days per year while in the hospital. Therapeutic leave days other than for hospital stays are also allowed up to 36 days per year. For details please consult the business office or the social service staff.

Nursing care charges are billed in advance.

Charges are payable by the 15th of the month. Arrangements for an extension of time may be made with the business office in special circumstances. Collection costs and a late charge of 3% of the outstanding monthly balance will be assessed for past due accounts.

Notification of changes in charges will be given to the resident or financial representative when Mount Olivet Careview is informed by the State of Minnesota. Also, room rates may change based on quarterly resident assessments or if the resident experiences a significant change during the year.
