

Grace Hospice has been developed through a partnership with Augustana Care and Mount Olivet Careview Home. Both organizations share a deep commitment to quality care, have rich blessings of volunteers, and provide service to those in physical, emotional, or spiritual need.

The mission of Grace Hospice is to serve God by recognizing that every person deserves to live out his or her life with respect and dignity, free of pain, and in an environment that promotes quality of life.

"I am the vine; you are the branches. Those who abide in me and I in them bear much fruit..."

—John 15:5

## legacy

Branches of the vine, we are all spiritually connected. You are a branch in the same vine that sustains your loved ones, and the vine will continue to grow and weave together, connecting with others. Remaining always within the vine is the *legacy of you.*

## Grace Hospice

- Specialized comfort care for individuals at end of life
- Interdisciplinary care team of medical and nursing, therapies, emotional, and spiritual care
- Highly experienced in pain and symptom management
- Focus on comfort and quality of life

Hospice

Augustana Care < Mount Olivet

*Grace Hospice care encircles you with comfort, pain management, honesty, and respect for your decisions. Fostering peace and grace, we emotionally and spiritually support you and your loved ones.*

We will work together to develop your plan of care that will respect your needs, values, and choices.

Grace Hospice brings service to you where you are, surrounded by those things that are familiar—a private home, or assisted living, memory care, or a nursing facility.

Our staff are experts in managing pain and relieving symptoms. Therapies, medications, medical equipment, and supplies related to your hospice diagnosis are provided by Grace Hospice. Our hospice aides provide personal care services. Our hospice dietician is available to advise and assess nutritional needs.

Families and caregivers will receive education and support about your condition, symptom management, and how to best care for your needs. You and your family remain in control about your health care wishes.

## grace

### Spiritual Care

Grace Hospice spiritual care provides the peace and foundation for new or renewed connections. These connections may evolve into a deeper understanding of what is important in relationships with God and family.

Our hospice chaplain and spiritual care team can serve you and your family in a variety of ways. Individual spiritual points of view are maintained, regardless of religion or cultural background. The chaplain will listen to life stories and talk about the roles of spirituality in illness, suffering, and healing.

The grief journey can be challenging. Grace Hospice remains in contact and offers support to family and loved ones through the first year. A variety of counseling services and resources are available.

## peace

### Supportive Services

Grace Hospice brings many supportive services such as massage, aroma, music, and pet therapies.

### Volunteers

Both Augustana Care and Mount Olivet are blessed with many spirit-filled volunteers, and their varied gifts are available to you and your family.

Volunteers comfort you and your family with companionship, a calming presence, and the peaceful little extras.

## care
