C'mon Barbie! Let's Go Party!

Each month Therapeutic Recreation, Culinary & other departments create a party for all the Residents on all floors both Mount Olivet Home & Careview Home! This month will be all about the colorful movie, and the hubbub surrounding Barbie since her journey to celebrity status!!

Throughout the movie, Barbie and Ken are having the time of their lives living among humans. A heartfelt production to which that all ages relate.

The recent Barbie movie was released on July 21, 2023 and begins streaming in September! So far, the movie has grossed \$1.203 BILLION with Director Greta Gerwig the first female director breaking top box office records.

proven to improve quality of life for people living with cognitive challenges through games, puzzles, music, movement & creative activity. Mount Olivet is proud to have this technology available for our residents located in their new Rec Room.

"The Residents think the Tovertafel is magic! The laughs, smiles, and looks of amazement are evidence of joy. The Rec Room and the Tovertafel have been absolute gifts and we get to see the benefits of both every single day!"
