Message from Roger White our New Incoming Executive Director

I am pleased to have returned to Mount Olivet Careview Homes following an 11 month sabbatical devoted to studying innovative senior care delivery models across the United States, Netherlands, and Canada. I first joined Mount Olivet Careview Homes in 2008 in staffing, and over the years my responsibilities grew to include HR, Head of People and Culture, and Associate Administrator. This past year, after completing my business doctoral exams, I had the opportunity to explore assisted living and nursing home practices in a variety of leading organizations. That experience has deepened my understanding of new possibilities in senior care and renewed my passion for serving residents, families, and staff.

On February 1, I returned home to Mount Olivet Careview and am truly grateful to be back with our treasured team. In this next chapter, I am excited to bring what I have learned into our work, strengthening how we support our employees and how we design and deliver care. I look forward to collaborating closely with families, residents, and colleagues to ensure our programs remain person centered, innovative, and responsive to changing needs. Together, we will continue to be energetic, creative, and deeply compassionate in how we serve those who call Mount Olivet Careview and Mount Olivet Home their home. As we continue to create joy, meaning, and a sense of belonging for everyone who experiences our communities, please feel free to contact me with any concerns, ideas, or perspectives. Thank you

Email a Loved One

You can visit the Mount Olivet Careview Home website and send an email to a resident using the link at the top of the homepage. For Father's Day, any emails sent to our resident fathers will be printed on special paper and personally delivered to them. This email service is available year-round, so feel free to reach out anytime!

Thank you Tim for 40 years of Dedicated Leadership

Enjoy your retirement!

St. Thomas Academy May Senior Project

Three St. Thomas Academy high school students completed their Senior Project during the last week of May. The students are mentored in their responsibilities within one of 35 religious, educational, health, or social service agencies. Through this experience, students gain insight, compassion, communication, and helping skills while working with inner-city children, senior citizens, the homeless, people dealing with serious health issues, physically and mentally challenged children and adults, and newly arrived neighbors. The Academy hopes that this program will give our graduating students the opportunity to discover the heart of Jesus and live in His spirit forever.

Thank you to CJ, Peter, and Truman for being a part of the Mount Olivet Careview Home Family for the week.

Dan's Friends and Family Concert

A bi-annual musical celebration featuring the lyrics of Mount Olivet Careview Home resident Dan K. And the musical scores by Mount Olivet Careview Home Music Therapists Rachel and Sarah was held on Thursday, May 7th. Frequent Mount Olivet Careview Home entertainer Adam Daniel joined in the celebration singing some of the songs that were written.

Music brings much joy to the residents and staff of Mount Olivet and we thank our Music Therapy team for being such a big part of this. Thank you Rachel and Sarah.

National Skilled Nursing Care Week

From May 11-15, residents and staff at Mount Olivet Careview Home and Mount Olivet Home came together to celebrate National Skilled Nursing Week with a series of fun and festive events. The week was filled with joy and connection as residents took part in facility-wide BINGO, leisurely strolls outside, photo opportunities in the Lund Chapel and a much-anticipated visit from the ice cream truck.

A heartfelt thank you goes out to all staff members from every department who helped make these moments possible – assisting with outdoor walks, making sure every resident got to enjoy a sweet treat. Special thanks to our incredible Therapeutic Recreation team for organizing and coordinating the week's activities with such care and enthusiasm.

Scholarship Luncheon

On May 28th, we held our 31st Annual Scholarship Luncheon. We are very fortunate to be blessed with an amazing group of donors to make this special day possible. Continuing education is one of the cornerstones here at Mount Olivet Careview Home. We feel it is our duty to help our staff reach their educational goals as much as possible, and today is a beautiful example of just that. Congratulations to our 15 recipients!

Patios are Blooming

The Careview and Mount Olivet Patios are open and ready. Many thanks to Matt and Vertus from Environmental Services and our residents who were so helpful in getting the flowers planted. When you are visiting your loved ones, consider having a visit out on one of our beautiful patios if you are able.

Happy Summer!
