Cycling Without Age

Cycling Without Age is a worldwide movement that aims to provide joy and vitality to older adults through the magic of the bicycle. Through the simple act of sharing a bike ride, it weaves a sense of community and gathers unique and invaluable stories, unlocked only by the wind and wheels.

Mount Olivet Careview Home is pleased to now be able to participate in this unique program with the purchase of 2 trishaw bikes. A trishaw bike is a three-wheeled, passenger-

carrying specialized cycle featuring a front bench seat for up to two riders and a rear saddle for a pilot who steers and pedals. These cycles can accommodate wheelchairs, and incorporate electric assist motors for the pilots.

Residents of Mount Olivet Careview Home have the opportunity to participate, once they have been assessed by the nursing department and care team to ensure that they are physically, and cognitively able to be safe on the ride.
